

## Barcelona opens up new possibilities

Our city is one of the world's top hubs for talent and start-ups shaping the solutions defining the future.

Here are some of the companies that demonstrate this:

<b>Wavecontrol, SL</b>	<a href="http://wavecontrol.com">wavecontrol.com</a>	Design and development of professional instruments to measure, control, and assess human exposure to electromagnetic fields (EMF) and to certify products.
<b>Sensotran, SL</b>	<a href="http://sensotran.com">sensotran.com</a>	Manufacturing of gas detection systems to measure harmful gases.
<b>Foot Analytics</b>	<a href="http://footanalytics.com/">footanalytics.com/</a>	Optimisation and monitoring of workplace occupancy to save costs, optimise space, and become more sustainable.
<b>Draco System, SL</b>	<a href="http://dracosystems.net">dracosystems.net</a>	Provider of comprehensive electronic services with innovative and customised solutions for third parties.
<b>Barcelona Supercomputing Center</b>	<a href="http://bsc.es">bsc.es</a>	Research centre specialising in high-performance computing that uses the MareNostrum 5, one of the most powerful supercomputers in Europe, with the aim of researching, implementing, managing, and transferring technology and knowledge in the field of HPC.
<b>Mycelium Network, SL</b>	<a href="http://smartdatasystem.es">smartdatasystem.es</a>	Provides support for a static and fragmented energy management approach, transitioning to a dynamic and strategic model that adapts to the specific needs of the energy transition.
<b>Sotavia Technologies, SL</b>	<a href="http://sotavia.com">sotavia.com</a>	Proprietary detection device that generates a damage map to assist in planning maintenance operations.
<b>Coloma Armengol</b>	<a href="http://colomaarmengol.com">colomaarmengol.com</a>	Digital transformation agents in the construction sector, both in building and infrastructure, and specialists in the development of digital twins for the design, construction, operation, and maintenance of assets.
<b>Biel Glasses, SL</b>	<a href="http://bielglasses.com/">bielglasses.com/</a>	Smart digital glasses that enhance mobility and increase the autonomy of individuals with low vision.
<b>Tannus</b>	<a href="http://tannustires.com">tannustires.com</a>	Puncture-resistant technology for bicycles and sustainable mobility vehicles (for fleets).
